Project Grade:

Content (50pts)

       Relevance/completed info (20pts) - _____ Accuracy (20pts) -_____ Mythology(10pts) _____

Medium (30pts) -

       Quality (20pts) - _____ Picture: (10pts) _____ Creativity (5pts) - _____

Presentation (20pts) -

       Length (3min – 5min – 5pts) - _____ Quality (10pts)_____Creativity (5pts)_____

Collaboration: Equal work apparent (10pts) - _____

Constellation Project Rubric checklist:

Daily Grade: the majority of the grades will come from truly collaborating with your partner and getting the work done in the class time allotted.

Project Grade:

<u>Content</u>

       Relevance/completed info: Did you use all the info on your worksheet?   Does your info match what is on your worksheet?

       Accuracy: Is the content info provided correct?

       Mythololgy: Can you explain the mythology or origins of the constellation? Is it included the mythology behind/with the constellation in the info?

<u>Medium</u>

       Quality: Does the quality reflect the time you had to do the project? Is collaboration of group members evident? Is it neat and readable?

       Picture: Does it include at least the star-based picture? Is the picture featured?

<u>Presentation</u>

       Length- Does it meet a minimum length of 3 minutes?

       Quality- Is the presentation clear? Does everyone exhibit an understanding about the group's constellation? Does the presentation cover the majority of the info about the constellation?

<u>Collaboration</u> - work from class and final product should be reflect a sharing or resources.
